100 KILLED AND MUCH DAMAGE DONE BY DYNAMITE EXPLOSION NEAR BALTIMORE CITY TODAY

MANY VESSELS WRECKED;
BUILDINGS ARE SHAKEN;
FORCE FELT FOR MILES

DYNAMITE CARRIED ON BARGE
WITH TUG IN TOW AND BOTH
ARE BLOWN TO ATOMS — BRIT-
ISH STEAMSHIP LOADING NEAR
BY DISAPPEARS BEHIND THE
WATERS AND GOVERNMENT
COLLIER IS WRECKED — SEA
WAVE SWEEPS OVER RIVER
AND HUMAN LEGS AND ARMS
ARE PICKED UP FROM BLOODY
WATER — 14 BODIES ARE RE-
COVERED.

BALTIMORE, Md., March 7 — A barge loaded with dynamite and a tug having it in tow were blown to atoms today in the Patapsco river near Sparrow's Point.

The British tramp steamship Alumchine, loading for Panama canal points near by, caught the force of the explosion and disappeared beneath the waters as if by magic.

There were 80 souls on board the tug, barge and steamship and it is feared all are lost.

A huge piece of iron was blown two miles to the Dawson chemical works and set the plant on fire.

The giant government collier Jason, which has just been completed and waiting to receive the dynamite and carry it to Norfolk, was badly damaged.

Buildings were shaken and windows shattered for many miles from the scene of the explosion.

A great sea wave swept across the river, picking up steamers and other vessels and hurling them together and against piers with terrific violence.

It is estimated the total loss of life will reach 100 persons and up to a late hour this afternoon 14 bodies had been recovered.

Four persons were killed on board the government collier Jason. The barge and tug were blown to atoms and those on board were terribly mutilated.

Human legs and arms were picked up out of the bloody and wreck-strewn waters of the river and bay hours after the explosion.

The force of the explosion was felt all over the state of Delaware and for many miles into the interior of Maryland and New Jersey. Many persons thought there had been an earthquake and panic scenes were enacted in many of the

nearby towns. Pieces of iron and wreckage were picked up many miles inland.

The United States revenue cutters Gathrie, Hamilton, Britannia and Baltimore were rushed to the scene of the explosion, carrying physicians and medical supplies.

The city of Baltimore was shaken like a leaf. Skyscrapers trembled and maps were shaken from the walls of offices and school rooms.

Eye witnesses declare the steamship Alumchine wreckage was thrown hundreds of feet into the air and that the bodies of the men on the vessel could be plainly discerned as they were catapulted from the boat.

The explosion was plainly felt in Wilmington, Delaware.

PUDDLING FURNACE EXPLODES CITY OF SHARON IS SHAKEN

NINE PERSONS INJURED, THREE
FATALLY, AND WILKES ROLL-
ING MILL IS ENTIRELY DE-
MOLISHED.

SHARON, Pa., March 7 — The No. 1 puddling furnace in the Wilkes rolling mill exploded this morning, nine persons were injured, three of them fatally, and the big mill was reduced to a scrap heap. A huge boiler was blown through the roof and 100 feet into the air. The whole city was shaken as though by an earthquake.

SUMMER RESORT HOTEL
IS DESTROYED BY FIRE.
TUCOCOA, Ga., March 7 — The Haddock Inn summer resort was burned here today.

CLARK TO BE PRESIDENT OF SENATE

SELECTION BY DEMOCRATS OCCASIONS SOME SURPRISE

SENATOR BACON WAS PICKED
FOR THE HONOR, BUT HE IS
TO BE MADE CHAIRMAN OF
FOREIGN AFFAIRS.

WASHINGTON, March 7 — The democrats of the senate in caucus today elected Senator Clark of Arkansas president pro tem of the senate.

This action caused considerable surprise as it was expected this honor would be conferred on Senator Bacon of Georgia. Senator Bacon is to be made chairman of the committee on foreign affairs.

Rev. J. S. Pretzman, pastor of the Methodist church, Washington, has been selected as chaplain of the senate.

Harry Erickson, manager of the Motor Transfer company, went up to Jacksonville this morning to hunt up the truck which the company has been expecting to arrive for some time and which is delayed in transit.

700 HOUSES ARE BURNED IN YOKOHAMA

TOTAL LOSS BY THE BLAZE AMOUNTS TO OVER \$1,000,000

STOCK EXCHANGE, ONE OF
BUILDINGS DESTROYED AND
MANY PERSONS ARE MADE
HOMELESS BY FIRE.

YOKOHAMA, March 7 — The stock exchange and 700 houses were destroyed by fire here today.

The loss amounts to more than \$1,000,000 and hundreds of persons have been made homeless by the fire.

Mr. and Mrs. T. H. Coleman, who have been here for two weeks past with Rev. and Mrs. S. Linnaeus Jackson at the Christian church parsonage on South Palmetto avenue, departed Thursday on their return to Prospect, Va. Mr. Coleman is Mrs. Jackson's brother and the couple were here on their wedding trip. They became very much interested in Daytona and greatly regretted that their stay must be so short.

REVISION OF THE TARIFF HAS BEGUN

REVISION OF ALL SCHEDULES PLANNED BY THE COMMITTEE

LITTLE BUSINESS TO BE DONE
BESIDES TARIFF LEGISLATION
AND THE PASSING OF SUNDRY
CIVIL BILL.

WASHINGTON, March 7 — Under the leadership of Oscar Underwood, whose slogan is "tariff for revenue only, with incidental protection," the ways and means committee began its session today to draft a tariff program for the coming special session of congress. A special revision of all schedules is planned, as well as the enactment of a law for an income tax. It is estimated the income tax will yield \$100,000,000 annually to the government. Leader Underwood is determined the new law shall be so construed it will yield sufficient revenues.

President Wilson was at his desk at 8:25 o'clock this morning and he found several senators waiting to see him when he arrived. As Senator Tillman left the executive office an eager photographer tried to get a picture of him.

"Hey, quit that," roared Senator Tillman.

The pictureman got the snapshot, however.

When he left the White House Congressman Fitzgerald stated that no business would be done during the extra session, except the enactment of tariff legislation, and that the sundry civil appropriation bill will be considered.

President Wilson indicated that he will advocate the sundry civil bill, and that he will support Loomis in the Illinois senatorial fight.

COLD WAVE AND BLIZZARD COVERS NORTH

MERCURY STANDING AT ZERO AND BELOW IN NEW ENGLAND

CLEVELAND SUFFERS IN BLIZ-
ZARD AND COLDEST WEATHER
OF WINTER — COLD AT ATL-
ANTA.

NEW YORK, March 7 — The whole eastern section of the United States is being swept by a cold wave today. The mercury stands at zero and below all over New England and throughout northern New York.

Blizzard at Cleveland — CLEVELAND, March 7 — The worst blizzard of the winter is raging over this section of the country today. The wind is driving the snow in a blinding storm and the mercury stands at 10 degrees above zero. This is the coldest day in March since 1872.

Atlanta is suffering — ATLANTA, March 7 — This city is in the grip of a cold wave today. There is a strong, chilling wind and the mercury stands at 24 degrees above zero.

MR. FLAGLER IS RECOVERING FROM EFFECTS OF HIS FALL

AGED OWNER OF FLORIDA EAST
COAST ROAD WILL BE CON-
FINED TO HIS HOME FOR SOME
TIME.

Henry M. Flagler, owner of the Florida East Coast railroad and one of the heavy stockholders of the Standard Oil company, who was seriously injured by a fall on a marble floor in his palatial winter residence, Whitehall, near Palm Beach the first part of this week, is reported to be recovering slowly.

A strong effort was made to keep the news of Mr. Flagler's injury away from the public and the Daytona Daily News was the first newspaper in the country to learn of the injury and inform its readers. Inquiry by wire to Palm Beach confirmed the fact that Mr. Flagler had been hurt, but particulars of the accident were difficult to obtain as members of the family would give out no information. Reports that Mr. Flagler's hip was broken are said to have been erroneous, but it is admitted the member was badly bruised and the accident will probably keep Mr. Flagler confined to his home for some time. He is 84 years of age. He is being carefully attended by physicians since the accident.

Mr. and Mrs. John Wright returned Thursday from a few days' visit at Titusville, and are again with Mr. and Mrs. G. H. Bliven on North Ridgewood avenue, where they are located for the season.

FREE EXTRACT OF LITTLE VALUE.

"What is the value of giving a minor gift? Before this can be answered it will be necessary to determine what gift is. If the chief constituent is pure fish or bird extract, there is not much to recommend it. Such extract is no longer reported as a good food for infants, and its use has been generally discontinued in hospitals. The classes of all extracts contain poisonous waste, the waste that induces sleep. These poisons are the result of fear and worry as much as of muscular work, and when an animal is frightened on the way to the slumbering, the nights disturbed after the attack are not only of little food value, but more often, poisonous. It is well enough to please the patient, but when the appetite demands an injurious food or drink the patient should be called in to prescribe it.

Our Bright Boys:

An English clergyman was visiting his parishioners, when one of the young women, informed him that they had "seen over him" a sign of trouble. Her friend advised her that she did all of a sudden, and then said, "I have seen the Lord to tell many and many more now, they must look." Then the poor old lady brightened up and said, "But there's one more, Master Alice, as I can say, and another may, the Lord's best pony well on my side this winter for you."

There were discussions of the differences between digestion and taste, and it was exemplified by one who said it would be better to have dinner a Christmas dinner at a local restaurant, and departed with one saying the dinner was delicious.

"Well," he responded, "if you go to a different restaurant in New York, dinner would be delicious."

Selection of Food Important.

The secret way to keep and restore health is to supply the normal conditions of life, which implies a natural diet containing all the elements of nutrition in true proportion, and based on the proper selection of food for each meal. For it will not do to mix all kinds of otherwise proper food in one meal, but we must make a meal of such foods as are compatible. Otherwise we will turn our stomachs into an acid and gas factory.

DIET AND HEALTH HINTS

By DR. T. J. ALLEN
Food Specialist

FEEDING A CHILD.

That defective nutrition is the cause of the failure of many children in school work and of truancy, is the opinion of Chas. A. Love, trustee officer of Aurora, Ill. "Hundreds accomplish little beyond the fifth grade because they obtain little nourishment from what they eat and in many instances tuberculosis and other diseases take the lives that have no weak foundation." This is the result of long observation.

Children should have simple, plain, easily digested food. The habit of quiet, slow thorough mastication should be taught as more important than the three R's. No eating between meals should be allowed; little drink at meals; no flesh meat, nor fruits, white bread, pastry or cake, and only good candy. The natural appetite for sweets should be satisfied with sweet fruits. It is surely as important to feed children properly as calves or horses or pigs, and general principles are the same. Tea, coffee and tobacco and overmuch cane sugar should be excluded.

(Copyright, 1913, by Joseph B. Bowles.)

Why He Is Known.

The class in ancient history was reciting. "Now, Harry, can you tell me who Nebuchadnezzar was?" asked the teacher. "Nebuchadnezzar," answered the boy, right off the bat, "was the greatest of the Babylonian kings, and for his connection with the Hebrews he got a write-up in the Bible."

Kep His Old Love Letters.

Two thousand three hundred love letters written by six different girls, were found in the room of a bachelor who died recently in Melbourne, Australia, at the age of eighty-two. The letters, which were preserved in an ivory casket, were tied with jeweled silver chains in bundles of 50.

STATE ROADS SHOW GOOD CONDITION**DELEGATES TO CONVENTION****REPORT AFTER THE TRIP**

JACKSONVILLE MEN TAKE ONE ROUTE TO EUSTIS AND ANOTHER BACK, PASSING ALONG THE EAST COAST.

JACKSONVILLE, Fla., March 7.—The committee representing the Jacksonville board of trade, which attended the state good roads meeting at Eustis recently, made a thorough inspection of the roads on the way to Eustis and over a different route home and report that great progress has been made in the building of good roads in this section of the state during the past year.

On the way from Jacksonville to Eustis the members of the committee went by way of Ortega, Orange Park, Green Cove Springs, Palatka and DeLand, and on the way back they took the route which went through Orlando, DeLand, Daytona, Ormond, St. Lucie, St. Augustine and South Jacksonville. At the various places new roads were inspected and trips made to different towns on the route for the purpose of studying the road conditions.

One of the members of the committee, Edward Shukler, made a trip over about the same territory about a year ago, and he declares the improvement in the roads since that time is really astonishing. Discouraging this Mr. Shukler said:

"Fully 80 per cent of the 500 miles we traveled was in what I would call good condition, that is, I consider that it was perfectly safe to travel with any machine at a good rate of speed. The balance, while we experienced no trouble whatever could be negotiated, but was a little uncomfortable on account of the irregular ruts in the deep sand."

"We certainly had a delightful trip and on every side the efforts to make Florida attractive to the tourist and visiting automobile were noticeable in numerous counties and the general feeling was favorable to good roads and road improvement. County commissioners and officials of boards of trade and prominent merchants with whom I talked were in accord with the movement now so generally prevalent to act and build, rather than discuss," said P. O. Miller, also a member of the committee.

"I do not know whether we were particularly fortunate or not," continued Mr. Miller, "but we had nothing to mar the pleasure of the trip. Five hundred miles were covered without a hitch except in Duval county, our home county. On the road between Bayard and the new brick extension a party concealed stamp in the road cut our tire. Throughout the entire trip but two other stamps were encountered, and they were on the new road between Green Cove Springs and Palatka. We made readings of the location of these and will report them to the county commissioners."

About Umbrellas.

Eyeglass wearers have long since complained that people are careless with umbrellas. Many pairs of glasses have been knocked off and broken by persons who selfishly refuse to move an umbrella so as to allow other people to easily pass. A few even persist in dangerously spinning an umbrella along a crowded street, endangering the glasses and sometimes eyes of passing walkers.

Nails Protect Piling.

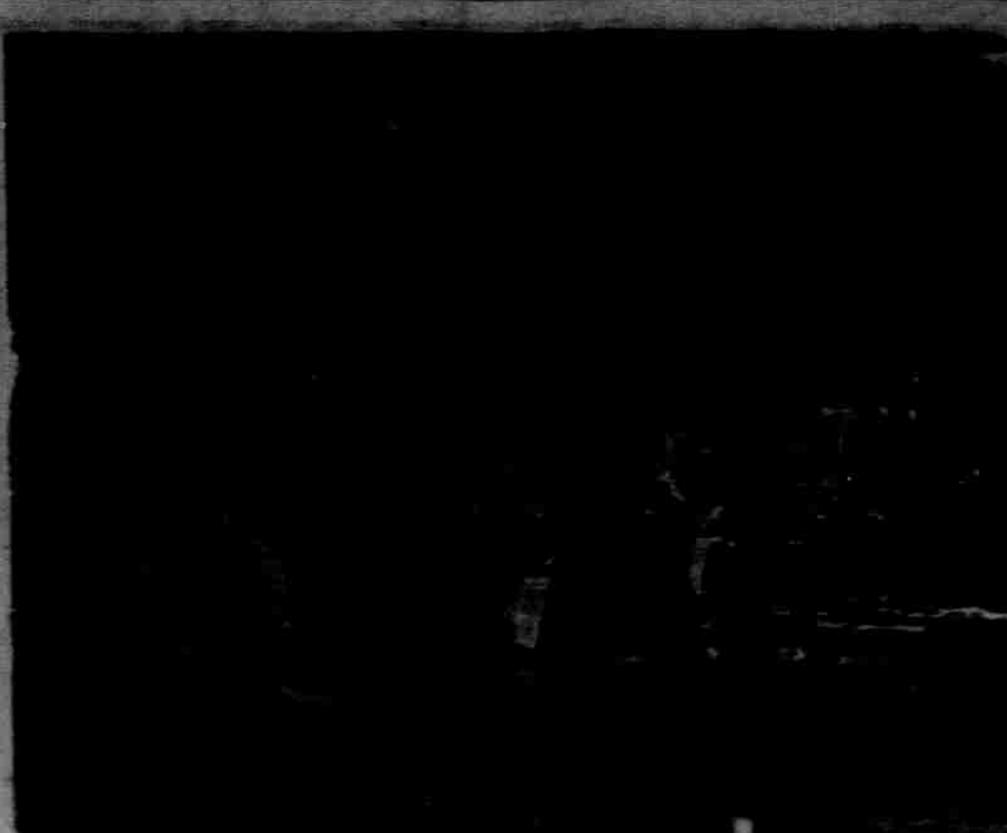

Some of the piles in use in Amsterdam are 200 to 400 years old. That part which is not in the ground is often bored by a pile worm near the surface, but is preserved by driving in nails with very large heads, so as to give the pile an iron coating. This coating is then transformed by the water into a layer of rust, which protects the wood from the pile worm. This process must be repeated every fifteen years.

To Keep Room Fragrant.

You will find any room delightfully refreshed if you will fill a bowl full of boiling water, then pour on the top a few drops of oil of lavender. Leave the bowl in the room for a few minutes. This will be appreciated especially by those whose dining room is near the kitchen. When used just before dinner is served it counteracts kitchen odors.

Going Back.

Uncle Ezra—Did you see "Hamlet" at the opera house last night? Uncle Eben—Yep, and I tell you that fellow Shakespeare is certainly falling off. It wasn't near as good as his "Comedy of Errors" that I saw twenty years ago.—Puck.

OCEAN BEACH—continued
west for 12 miles and south 10 miles to Mosquito Inlet — the Government lightship is at the Park. The beach is the most magnificent in the world.

KNOX & REED ORANGE GROVE—15 miles, via Ormond, is one of the largest groves in Volusia county and is well worth seeing; can be reached by motor over fairly good road; can also be reached by boat.

NUMBER NINE ORANGE GROVE—A large grove, passed on the way to the Road, Knox & Reed grove, is 12 miles from Daytona.

NEW Smyrna—16 miles from Daytona, over an excellent hard surfaced road; this drive is said to be the prettiest in the state. At New Smyrna are the ruins of an ancient fort and other historical spots, left by the colony of Andrew Turnbull.

OLD SPANISH MISSION—2 miles west of New Smyrna, reached by motor over good road. This mission is without authentic history but by many it is conceded that this is the church built by Captain Juan Ponce de Leon in 1565. Miss Anna Jones picked a ripe bunch of oranges from one of her trees last week.

Mr. and Mrs. W. C. Clarke and two little sons of Winnipeg, Canada, arrived from Eustis last Wednesday. They have been visiting relatives in Eustis and St. Petersburg. They are visiting their uncle and aunt, Mr. and Mrs. Chester Milburn.

Miss Johnson gave a dramatic entertainment in Vass Hall Wednesday evening.

Mr. and Mrs. Jesse Kipp invited a few of their friends to an oyster roast on the Elkman place on Riverside, which they purchased recently.

Miss Elizabeth White celebrated the anniversary of her birth by inviting her young friends to a party at the winter home of her parents on Riverside last Saturday. Of course they had a good time.

Mr. Cunningham has sold his cottage and lot on Riverside to Mr. Cleveland.

Mrs. E. H. Weise was hostess of the church tea Thursday afternoon.

D. E. Lyon secured a car of lumber Monday for Mrs. Perkins' house on Fourth street.

ISLAND PARK ASSOCIATION**ELECTS DIRECTORS.**

At a meeting of the City Island Park and Library association held in the Episcopal guild hall Wednesday evening, ways and means for raising funds were discussed and the following were elected as directors: Geo. N. Chamberlin, F. M. Rowe, Geo. F. Smith, Rolland E. Stevens, J. H. Donnelly, E. F. Oates and S. C. Archibald. The board of directors will be completed by the addition of two members of the city council and two of the Palmetto club. The officers will be elected from the board of directors.

No Cause for Alarm.

"I thought I told you not to eat any porterhouse steak without my permission." "So you did, doc; so you did." "Then why are you disobeying my order?" "This won't delay the paying of your bill, doc; this steak is being paid for by my friend here."

Character Not Admired by Women.
Nothing displease women more than an austere and self-contained character. They see that they have no hold upon it; its dignity awes them. Its pride rebels. Its preoccupations keep them aloof.—Hippolyte A. Taine.

Clemens and Mrs. Daniel Abbott were hostesses.

Mrs. Harriet Amsden Lyons is now visiting her parents, Mr. and Mrs. E. W. Amsden, on the peninsula.

Mr. and Mrs. Winter of Sioux City, Iowa, have been stopping at Mildred Lodge for a few days. Mr. and Mrs. Winter are friends of Mayor and Mrs. Klingman.

Charles McNary spent a couple of days in DeLand this week looking after some business and man affairs.

James Carmel has been in Palatka for a few days this week in connection with some Masonic business. The regular meeting of the V. I. A. was held in the library room Friday. The program was in charge of Mrs. Edward Jordan, of Portland, Maine, who read a short entertaining paper on "Experiences," opening a discussion in her usual bright, versatile manner on the same subject, several of the ladies present taking active part. Mrs. Jordan then read some of her original poems, followed by a social hour. Mrs. Lewis, Mrs. Ray

CINCINNATI BOOSTERS PASS DAYTONA; STOP AT ORMOND

SPECIAL TRAIN CARRYING 164 NORTHERN BUSINESS MEN GOES THROUGH THE CITY THIS MORNING.

Passing through Daytona on a special train at 7:10 o'clock this morning, 164 business men and boosters from Cincinnati, enjoyed but a passing glimpse of the prettiest winter resort in the world and passed on to Ormond, where a stop of a couple of hours were made, and then to St. Augustine, where they are spending the remainder of the day.

The Cincinnati men have been on a 30-days trip to Panama and Jamaica, and are now on their way home. A special train has been used by them since they landed at Key West, stops being made at Miami and Palm Beach. The special train left Palm Beach at 10:30 o'clock Thursday night. Passing on from St. Augustine to Jacksonville the party will arrive at the metropolis about 9 o'clock in the morning and remain there until 4 o'clock in the afternoon, being entertained by the board of trade.

THE DAILY MARKET REPORT.

NEW YORK, March 7 — Stocks opened steady at two to five opened weak and sharply lower today. Cotton opened steady at two to five lower with May quoted at \$11.92 and July at \$11.85.

The Chicago Markets—CHICAGO, March 7 — May wheat, 9½c; pork, \$20.90; lard, \$10.50; ribs, \$10.90; hogs, 15 lower.

DISLOCATED SHOULDER BY FALL FROM TRICYCLE.

Rev. Henry S. Earl of Indianapolis, Ind., a minister of the Christian church, who in company with his wife is located in one of Mrs. Lizzie Manley's houses on First avenue, received a dislocation of his left shoulder and minor injuries Thursday morning by a fall from his tricycle.

The accident occurred on North Beach street not far south of its intersection with First avenue, at about 10 o'clock. Mr. Earl was hurrying homeward at more speed than he ordinarily uses and the front wheel of the tricycle either struck an obstruction or dropped into a depression in the roadway and Mr. Earl pitched forward from his seat and fell with great violence. He was badly jarred by the fall and in addition to the dislocation of his shoulder, a small vein in his left arm was severed and bled freely, giving the impression that he was even more seriously injured.

Several persons who saw the accident hurried to Mr. Earl's assistance and he was placed in an automobile and taken to his home where his injuries were at once given attention by Dr. H. H. Heath, a son of Mrs. Earl, who with his wife had arrived Monday from Toledo, Ohio, to spend a short time with Mr. and Mrs. Earl.

While here last winter Mr. Earl was thrown from his tricycle by a collision on North Beach street and sustained an injury to his leg that confined him to the house for several weeks.

JOHN D. ROCKEFELLER ENJOYS FISHING TRIP

John D. Rockefeller and a party of guests enjoyed a day's fishing at the inlet Thursday, making the trip to and from that place in the private yacht "Ell Ayre," with Capt. W. F. Ayers in command. Miss Emily McCormick of Chicago, granddaughter of Mr. Rockefeller, landed a string of 12 fine trout during the fishing, and other members of the party were successful in the angling. A fish dinner was enjoyed at the Pacific hotel and the oil magnate declared it was the best fish dinner he had ever eaten. The guests making up the party were Capt. and Mrs. Ayres, Mr. Rockefeller and granddaughters, Misses McCormick and Seavy, Mr. and Mrs. A. Ayres, Mr. and Mrs. Quilling and Mr. Pardee.

NOT TO REMOVE PALM BEACH LIMITED AT PRESENT TIME

GENERAL PASSENGER AGENT SAYS THAT SUCH ACTION WILL BE TAKEN ONLY WHEN BUSINESS FALLS OFF.

Reports that the Palm Beach Limited trains on the Florida East Coast railroad, Nos. 33 and 34, are to be discontinued because of a shortage of engines as a result of the numerous wrecks on the line this winter, is denied by J. D. Rahner, general passenger agent, in the following telegram to the Daily News:

"The Palm Beach Limited will be discontinued only when lack of business justifies decreasing the service."

"J. D. RAHNER."

It is generally understood that one of the main reasons for the trains running so far behind time now is the lack of locomotive power to handle the heavily loaded trains. For several days the report has been current among travelers that because of this situation the Palm Beach Limited, which goes south through Daytona at 12:33 p. m. and north at 3:55 p. m., was to be taken off so the locomotives could be used in helping to haul the other heavy trains.

HAS LEGION OF HONOR MEDAL PRESENTED TO GRANDFATHER

Ernest Kreitzberg, president of the Arcade company, has in his possession a Legion of Honor medal presented to his grandfather, Pierre Daniel Kreitzberg, in 1821, for bravery on the field of battle in the wars of Napoleon First. The medal, which carried with it a pension and special privileges, is accompanied by a document regarding the presentation and showing that the recipient had served from 1792 until 1815. With the Legion of Honor medal are two others for service in the Prussian army. Mr. Kreitzberg's paternal ancestor having spent over 40 years of his life as a soldier. Mr. Kreitzberg, who, as a small boy, was present at the funeral of his grandfather, says that many members of the Legion of Honor were in attendance and the ceremonies were very impressive. The Napoleon medal is inscribed "A la General Chancellerie No. 2887," making the possessor a Grand Chancellerie of the Imperial Order of the Legion of Honor.

Heart to Heart Talks

By JAMES A. EDGERTON

MADE HIS OWN SCHOOL.

Not every boy is like this one. Frank Andrea of Springfield, N. J., aged fifteen, made a school for himself.

Many boys of fifteen regard school as a sort of necessary evil to be borne because they cannot dispense with it.

Not so young Andrea.

His father lost his job, and his mother became ill. There were several other children, all of whom were too young to work.

Frank was compelled to quit school and help support the family. He found a job in a factory at Newark, walking two miles to work every morning and back again at night.

There was no night school.

"Unless there are a sufficient number of applications to show a sentiment in favor of it," said the clerk, "no night school will be started."

"How many applications are necessary?" asked the boy.

He was informed that twelve or fifteen would be enough, whereat Frank began to try to get that many. In order to do so he had to convince some of the working boys of their need of further schooling.

And—

Strangely enough, he found his propaganda an uphill task. He would say to the boys, "Do you want to be a factory hand all your life?" And some of them said they had no further ambition.

Surely.

But, whether or no, it is quite certain Frank Andrea will not be a factory hand all his life.

The republic spells opportunity.

As Garfield beautifully said, "Our society is not like the society of Europe, where, like the strata of the earth, one layer holds the other firmly down; but, rather, it is like the waves of the great sea, where the lowest drop

may rise and glisten on the topmost wave."

Frank Andrea of Springfield, N. J., is one of those drops.

THE BANK OF PROGRESS.

"Nothing draws like compound interest," says a banker.

The tables tell us that \$1,000 deposited in the bank at 6 per cent compound interest will double itself in about twelve years.

But—

There is a bank that pays at least 10 per cent compound interest and in some cases more.

It is the bank of progress.

No bank in the world is safer or better managed. No deposit was ever lost or failed of credit. Interest and principal are paid promptly.

Deposits may be made at any time either in a lump sum or in small installments.

The deposits?

They are such valuable things as thoughts, resolutions, ideas, effort, self denial, ambition. These constitute capital. They are taken over the counter at the bank of progress at par.

For instance:

You have an idea that is worth while. You deposit that investment in bank. It begins to grow. The interest is added to the principal, and both continue to grow. You may draw out the interest from time to time and still have on deposit a big idea.

Or—

Looking about, you discover that many persons fall from lack of concentration. You invest in the bank efficient singleness of purpose.

Your efficiency increases by compound interest. By painstaking effort you multiply yourself. Your scope and capacity grow until in a few years you have a fortune in yourself.

Or—

You deposit in this bank a resolution. Say it concerns the use of tobacco. If you keep your resolution on deposit you will draw added strength of nerve and cleanliness of habit. In a few years you will have fortified your resolution by compound interest.

It pays big!

There are more valuable things than money; there are better banks than the First National; there is a higher rate of interest than that paid semi-annually.

The bank is open.

Start an account today.

Judging by the Sound.

D. C. Clifton brought to the city today from his farm at Holly Hill a bunch of new potatoes, the first spring crop potatoes to be offered here. They were very fine looking tubers and Mr. Clifton has about an acre of them planted just before Christmas. They are yielding very well, he says.

*"Twelfth Night" at the public school auditorium Friday night, March 11. Admission, adults 35¢ and 50 cent; children 25 cents. Reserved seats at Hankins'. 79-3t

M. L. Stanley today bought what is known as the Palmer home on North Ridgewood avenue from Mrs. Sarah J. Dempster, of Gloversville, N. Y., who purchased the property last year. This is one of the prettiest homes on Ridgewood avenue and will be occupied by Mr. and Mrs. Stanley as a winter home.

*The April McCall patterns are now on sale at the Chas. E. Gardiner Co.

T. M. McQueen, passenger agent for the Nashville, Chattanooga & St. Louis railway and a special representative of the Dixie Flyer route, arrived here earlier in the week and will make this city his headquarters during the remainder of the season. Mr. McQueen was here last spring and says he is glad to get back to Daytona again.

*The April McCall patterns are now on sale at the Chas. E. Gardiner Co.

M. E. Carson, a brother of J. M. Carson of this city, arrived last week from Perryopolis, Pa., and is visiting Mr. and Mrs. Carson at their home on North Ridgewood avenue. Mr. Carson was here for a time five or six years ago. Another brother, T. G. C. Carson of Layton, Pa., has been with Mr. and Mrs. Carson for several weeks.

WOW GREAT CONCERTS
SATURDAY AND SUNDAY.

The fact that the Royal Gwent Singers, of Newport, Great Britain, so charmed the musical critics in New York in their opening concert at Carnegie hall last October, that immediate demands were made for their services in and around New York is of itself the greatest recommendation these noted singers could have. After being busily engaged in New York, appearing at the largest theaters, churches and at the homes of many of the four hundred, including concerts at the residences of Andrew Carnegie, the steel king, Rockefeller, and others, they come direct to Florida and will appear at New Daytona theater, Saturday and Sunday evenings in concerts extraordinary. Every member of the choir is an artist of rare merit. The chorus as a whole is as perfect as a pipe organ. Their program embraces choruses, quartets, duets and solos. Melody and music that appeals to everyone from the most exacting of musical critics to lovers of more popular melodies. Audiences laugh and cry in turn so realistic is their singing in their laughing and crying songs.

Nothing is so inspiring as good music. Nothing can touch tenderest chords of the human heart like the Irish, Scotch, Welsh and southern melodies as sung by these famous singers. So perfect is their work that practically every program they give is more than doubled on account of insistent encores.

Sunday evening they will render an appropriate sacred concert.

ENTERTAINED IN HONOR
OF VISITING FRIEND.

Miss Flora Schneider entertained very pleasantly at cards Thursday afternoon at her home on North Ridgewood avenue in honor of her friend and house guest, Mrs. McGuire, of Philadelphia. Bridge and five hundred were both employed, there being four tables of the former and two of the latter. A handsome bouquet of sweet peas accompanied each score card at the tables and sweat peas and roses were used for the general decorations. Following the card games, exceptionally attractive refreshments were served as an added pleasure to a most enjoyable event.

INTEREST INCREASING
IN TENNIS TOURNAMENT.

Interest in the Despland hotel tennis tournament increases as the matches are played and particular interest is centering in the finals of the mixed doubles, which are being played off this afternoon. The contestants in the mixed doubles are R. Freeman and Miss E. Sargent vs. A. E. Donnelly and Miss Fitter.

In the men's singles yesterday afternoon B. Foltz defeated W. H. Gould, 6-1, 6-2.

In the men's singles this forenoon C. S. Rose defeated J. S. Pratt, 6-1, 6-1.

In the mixed doubles this forenoon A. E. Donnelly and Miss Fitter defeated J. S. Pratt and Miss M. Sargent, 6-4, 6-2.

Services at the First M. E. church will be as follows: Sunday school, 9:45; at 11 a. m., the pastor will begin a series of sermons, the subject of the first being "The General Judgment," following this will be two sermons on "The Old Time Orthodox Hell," concluding the series by preaching on "The Christians' Heaven;" evening services at 7:30 o'clock.

Grandmothers' Beliefs.

Nearly every grandmother believes a trained nurse is overestimated.—Atchison Globe.

Pampered Child Handicapped
Just as the pampered lap dog is fat and diseased and unable to run about and bark vigorously, so does the pampered rich child grow up to be mentally deficient and unable to cope with others of his age among the lower or working classes.—Exchange.

Many Have Wondered.
The Professor—"You say you are engaged in some original research upon what subject?" The Boy—"I'm trying to discover why the ink won't flow from my fountain pen unless I place it in an upright position in the pocket of a light fancy vest."

Modern Woman in Business.
Cashier—"But there is not a cent here to pay this check of yours." Cashier—"I am glad that you have confessed. If your bank is as hard up as that you can give me what money I have here and I will take my account to a safer institution." —Puck.

Omit the Word "Can't".
It is said that Napoleon the Great hated the word "can't" and that he never used it if he could possibly help it. In that respect most people differ from Napoleon. If they were to substitute the word "will" for "can't" they would be able to accomplish much more.

Alcohol for Ink Stains.
Ink stains from a fountain pen on a light woolen vest can be removed by applying alcohol and rubbing between the hands as though washing it. Apply alcohol about a dozen times and the spot will be gone.

Credit and Discredit.
Too often a man who hopes his son will grow up to be a credit to him has to furnish all the credit himself.
